# Nursing of Children Network

# 2024

FRIDAY, OCTOBER 4, 2024

Welcome to the 21st Nursing of Children Network (NCN) Regional Pediatric Nursing Conference. The 2024 NCN Conference will provide attendees with state-of-the-art information on a variety of clinical topics and professional care. This is the only conference of its kind in the region and represents a collaborative effort among the area's premier pediatric institutions. NCN is the local chapter of Society of Pediatric Nurses (SPN) and is in a unique position to bring these talented representatives together to jointly plan and sponsor the conference, year after year.

We look forward to working with the partnering organizations that have supported the conference in the past and meeting new partners this year. We are pleased to offer several exhibiting opportunities available for 2024. See the included table for the list of opportunities. If you have an idea for an opportunity not listed, please let us know! One of the Committee members will work with you to create a custom package.

## WHO SHOULD EXHIBIT?

### Healthcare Networks

Local, Regional, National acute and rehabilitation institutions.

### Industry

Manufacturers, distributors, and creators of medical devices, equipment, supplies, therapeutics, technology solutions, & staffing solutions

### Selfcare

Wellness, skin-care, financial investments, fitness brands

### Apparel and Lifestyle

**Professionals:** Apparel designed to enhance performance & infection control (uniforms, shoes, medical accessories)

**Patients:** Adaptive apparel designed to improve lifestyle and medical needs

### Education
